Relocation to Newfoundland

Competition # 2019 SD 025 - Relocation

Your HomePort Awaits!

Are you ready to come *home* to beautiful Newfoundland? But you still want a rewarding career as a Naval Architect or Mechanical Engineer? Do you want to work for a well-managed company that puts people first? If you are looking for a career that's more about making a life than simply making a living, then come aboard the Genoa team!

What You'll Do

As a key member of our growing Production Design Team in our Mount Pearl, NL office, you will:

- Review the 3D model to ensure compliance with specifications, sketches, requirements, and structural and distributed systems technical drawings for the development of a 3D model.
- Compliance of 3D model with regulatory standards, classification rules (DNV, Lloyds/GL, etc), design guidelines, and client specific standards.
- Support client in structural and/or marine distributed systems design calculations;
- Direct the review and production of functional and detail design drawings;
- Interpret technical, detail design and construction drawings related to the 3D model structural design and/or distributed systems;
- Lead technical discussions for project reviews; and
- Additional duties and responsibilities as assigned that relate to technical leadership and integration of Genoa's projects.

What You'll Need In Your Toolkit

- Engineering degree in a related discipline including Naval Architecture, Mechanical Engineering, OR the equivalent combination of education, technical training, and work experience;
- Minimum of eight years' marine design experience in related discipline, either structure and/or distributed/marine systems, or a combination;
- Experience working directly with regulatory bodies and classification societies;
- Experience with 3D product models for new ship construction &/or refit projects;
- Experience in marine production design will be considered an asset;
- Experience in the use of AutoCad, Ship Constructor, AVEVA, Cadmatic, Foran or other ship design software would be an asset;
- Experience working within a shipyard would be an asset;
- Leadership and management skills;
- Thorough understanding of quality and continuous improvement;
- Ability to work under pressure, meet multiple and sometimes competing deadlines; flexible, resourceful and efficient; and
- Excellent communication (verbal and written), presentation and interpersonal skills.

So, you're a match? Please include competition number 2019 SD 025- Relocation, in the subject line of your application submitted via email to jobs@genoadesign.com. Genoa is an equal opportunity employer and while we are grateful to all applicants, only short-listed candidates will be contacted.

Who We Are

Genoa Design International has been providing production lofting, detail design and 3D modeling services to shipbuilding and offshore industries around the world since 1995. In that time, we've become one of the most sought-after production design firms in the North American shipbuilding market.

With collaboration being the cornerstone of our work, we approach every day with a focus on our core values: Put People First, Create Lasting Relationships, Make a Difference, Own It, Never Stand Still and Live Well. Our customers tell us that our employees' everyday demonstration of our values sets Genoa apart from our competitors.

Why You'll Love Working With Us

Working for us is good for you. Really!

Our collaborative, fun and team-focused workspace is designed to give everyone a voice & the opportunity to make meaningful contributions.

We're an employee-owned company that's used ourselves as guinea pigs in researching what makes a 5-star workplace. It's always evolving, but these are some of the joys we're using to keep the pep in our step:
