

Detail Design Manager

Location – Mount Pearl, NL

Competition # 2019 DDM 041

What You'll Do

You are to a project, what a bridge is to a ship. You command critical information and ensure information within the team is communicated into the environment, and vice versa. You are integral to successfully steering the project where it needs to go. We're looking to integrate someone like you, a Detail Design Manager, into our growing Genoa Design team.

As the Detail Design Manager, responsibilities include but are not limited to:

- Act as the client onsite point of contact for technical activities, including 3D product model support;
- Ensure integration across all stakeholders, including engineering teams, 3D modeling team, shipyard, and client;
- Responsible to develop and monitor adherence to the project's technical plan and schedule, identify technical problems and seek solutions to ensure project outputs are delivered on schedule and within budget;
- Lead client meetings, discussions, and 3D model reviews across varying engineering disciplines, and other stakeholders;
- Ensure compliance to industry and shipyard requirements (specifications, standards, best practices, etc.);
- Extensive travel may be required;
- Manage the balance between client expectations, shipyard build strategy, and 3D modeling best practices; and
- Lead and support 3D Model Project Integrated Team (PIT) to ensure quality integration efforts and alignment of inputs to the 3D modeling team.

Who You Are

By design, you:

- Are a collaborative team player who can problem solve, make sound decisions, and manage competing priorities and deadlines;
- Are a talented communicator with meticulous attention to detail;
- Are switched on by working in a high-performance environment dedicated to continuous improvement;
- *Put People First*, by making decisions that strengthen and support our team;
- *Create Lasting Relationships* and build respectful, two-way friendships with clients and business partners;
- *Own It*, you go the extra mile and take responsibility and empower others to be accountable;
- *Never Stand Still*, and welcome each day as a new opportunity to learn, grow, and serve.

What You'll Need In Your Toolkit

- Degree in naval architecture, marine engineering, engineering design, or an equivalent combination of education and experience;
- 10 years' experience in production design complemented by experience in the shipbuilding industry is preferred;
- 5 years' technical management experience in a shipbuilding environment;
- Experience with 3D design/modeling;
- Significant leadership and technical team management skills;
- Ability to effectively communicate orally and in writing with diverse groups such as customers, vendors, labour representatives and officials at all levels;
- Experience with ShipConstructor, Navisworks, and other ship design software tools;
- Experience with Rhinoceros and Workshare software considered an asset;
- Shipyard experience highly desirable; and
- Ability to handle multiple priorities with independence and good judgement.

So, you're a match? Please include competition number 2019 DDM 041 in the subject line of your application submitted via email to jobs@genoadesign.com by November 30, 2019. Genoa is an equal opportunity employer and while we are grateful to all applicants, only short-listed candidates will be contacted.

Who We Are

Genoa Design International has been providing production lofting, detail design and 3D modeling services to shipbuilding and offshore industries around the world since 1995. In that time, we've become one of the most sought-after production design firms in the North American shipbuilding market.

With collaboration being the cornerstone of our work, we approach every day with a focus on our core values: Put People First, Create Lasting Relationships, Make a Difference, Own It, Never Stand Still and Live Well. Our customers tell us that our employees' everyday demonstration of our values sets Genoa apart from our competitors.
