

DESIGNERS

Competition #2020 DES 029

Location – Mount Pearl, NL & Vancouver, BC

Are you looking for a rewarding career in the shipbuilding industry? Do you want to work for a well-managed company that puts people first? If you are looking for a career that's more about making a life than simply making a living, then come aboard the Genoa team!

We are recruiting junior, intermediate, and senior Designers for anticipated project work in 2021!

WHAT YOU'LL DO

As a Designer, responsibilities include but are not limited to:

- Create and modify 3D models, fabrication drawings and drafting support according to project scope for structure and distributive systems;
- Update drawings from mark-ups and red lines;
- Ensure a level of quality control for project work in accordance with Genoa's quality management system;
- Compliance of 3D model with regulatory standards, classification rules (DNV, Lloyds/GL, etc), design guidelines, and client specific standards;
- Interpret technical, detail design and construction drawings related to the 3D model structural design and/or distributed systems;
- Additional duties and responsibilities as assigned that relate to technical leadership and integration of Genoa's projects.

WHO WE ARE

We think big while never losing sight of the details. The Genoa team approaches everyday by truly living our core values:

- *Put People First* – make decisions and take actions that strengthen and support our team;
- *Create Lasting Relationships* – offer our clients and business partners the same respect and friendship we offer each other;
- *Own It* – go the extra mile and take responsibility;
- *Never Stand Still* – welcome each day as a new opportunity to learn, grow, and serve;
- *Live Well* – find balance at work and at home by taking care of your mind, body and soul;

WHAT YOU'LL NEED IN YOUR TOOLKIT

- Technical diploma or degree in a related discipline (naval architecture, marine engineering systems design; mechanical, HVAC or electrical design) or equivalent combination of education and technical experience;
- Marine design experience in related discipline, either structure and/or distributed/marine systems, or a combination;
- Experience working directly with regulatory bodies and classification societies;
- Experience with 3D product models for new ship construction &/or refit projects;
- Experience in the use of AutoCad, Ship Constructor, AVEVA, Cadmatic, Foran or other ship design software would be an asset;
- Exposure to a shipyard or production environment is an asset;
- Ability to read and interpret technical specifications and drawings;
- Strong communication and interpersonal skills; and
- Demonstrated ability to prioritize, meet project deadlines and problem solve.

So, you're a match? Please include competition number 2020 DES 029 in the subject line of your application submitted via email to jobs@genoadesign.com by December 31, 2020. Genoa is an equal opportunity employer and while we are grateful to all applicants, only short-listed candidates will be contacted.
