

DESIGNERS (NOC code 22212) Terms of employment: Full time permanent

What's the common ground shared by all of our designers, no matter their background? Passion. If that's something you have in spades, and you're ready to put your ace design skills towards helping propel Genoa – and your career – to new heights, then we want to hear from you. We firmly believe that great work comes from happy people, and we live by this motto 24/7. If you're a deeply engaged, a team player who's ready to embark on an exciting, new journey then reach out to us and let's meet in the real world. Genoa Design International is currently recruiting for Designers to join our Team!

The Design & Consulting Team is the engine of Genoa that keeps our company moving. We have a varying degree of experience and skills in multiple disciplines, all working together to achieve a common goal of delivering accurate, high-quality documents to our customers. The 3D model team takes engineering documents and turns them into a fully integrated digital ship.

WHO WE ARE

Genoa Design International has been providing production design and 3D modeling services to shipbuilding and offshore industries from here in Newfoundland and Labrador since 1995. In that time, we've become one of the most sought-after production design firms in the North American shipbuilding market.

With collaboration as the cornerstone of our work, we approach every day with a focus on our core values: *Put People First, Create Lasting Relationships, Make a Difference, Own It, Live Well, and Never Stand Still*. Our customers tell us that our employees' everyday demonstration of our values sets Genoa apart from competitors.

With a team of more than 250 designers, engineers, naval architects, administrators, and technical support staff dispersed between locations, Genoa provides expertise and dedicated support throughout the shipbuilding process. Currently, Genoa is active in major government initiatives such as Canada's National Shipbuilding Strategy (NSS) and in commercial contracts in shipyards throughout North America.

WHAT YOU'LL DO

As a Designer, responsibilities include but are not limited to:

- Develop, create and modify 3D models, fabrication drawings and drafting support according to project scope for structure and distributive systems.
- Perform design tasks on projects with an understanding of multidisciplinary environments by collaborating with team members from other disciplines for necessary inputs.
- Develop and prepare design sketches.
- Update drawings from mark-ups and red lines to ensure conformity to specifications and design data
- Ensure a level of quality control for project work in accordance with Genoa's quality management system.
- Compliance of 3D model with regulatory standards, classification rules (DNV, Lloyds/GL, etc.), design guidelines, and client specific standards.
- Interpret technical, detail design and construction drawings related to the 3D model structural design and/or distributed systems.
- Additional duties and responsibilities as assigned that relate to technical leadership and integration of Genoa's projects.

DESIGNERS (NOC code 22212)
Terms of employment: Full time permanent

WHAT YOU'LL NEED IN YOUR TOOLKIT

- Technical diploma or degree in a related discipline (naval architecture, marine engineering systems design; mechanical, HVAC or electrical design) or equivalent combination of education and technical experience.
- 5+ years Marine design experience in related discipline, either structure and/or distributed/marine systems, or a combination.
- Experience working directly with regulatory bodies and classification societies.
- Experience with 3D product models for new ship construction &/or refit projects.
- Experience in the use of AutoCAD, Ship Constructor, AVEVA, Cadmatic, Foran or other ship design software is an asset.
- Exposure to a shipyard or production environment is an asset.
- Ability to read and interpret technical specifications and drawings
- Strong communication and interpersonal skills; and
- Demonstrated ability to prioritize, meet project deadlines and problem solve.

WHY YOU'LL LOVE WORKING WITH US

We're making waves! Genoa's powerhouse is our people who are both passionate about our projects and motivated to deliver superior results. The Genoa formula is simple: Put People First. Drive the 3D Model. And never, ever stand still. Our quest for quality and continuous improvement is at the heart of all we do.

At Genoa, we take caring for our people seriously! We're committed to creating and maintaining a 5-star workplace. Here are some of the ways we keep the pep in our step:

- Attractive compensation package (\$32 to \$60.00/hour, 40 hours a week)
- Cost of living allowance.
- Biannual performance bonus.
- Annual salary increments.
- RRSP matching program.
- Comprehensive group insurance plan and EFAP program.
- Vacation, discretionary days and statutory holidays

BUT WAIT... THERE'S MORE

- A flexible work schedule and a modern, yet comfortable office space.
- Stocked kitchen and engaging team builder activities.
- Rewards and recognition for a job-well done.
- An employee wellness program to spend on whatever makes you happy.
- A minimum of 8 volunteer hours each year to support causes that matter to you and community engagement opportunities.
- An outstanding commitment to training, development, career growth & opportunity with our award-winning in-house Academy; offering advanced technical training along with the diverse soft skills needed to stay ahead of the curve and confident in your role.

EMBRACING A SEA OF DIFFERENCES

At Genoa Design, we strive to create a supportive and inclusive environment and are committed to ensuring that our people feel comfortable to be their truest selves at work. This commitment is built into our core values and our passion to embrace a person's unique abilities, strengths, and differences.

We are proud to be an equal opportunity employer that is dedicated to building a diverse team and promoting a sense of belonging. We achieve this through encouraging our people to voice their ideas and opinions, celebrating one another's contributions, and engaging with the communities in which we live and industries we serve.
